

2015 Gaisböhl G.C.

- Vineyard:** The Dr. Bürklin-Wolf estate is the sole (monopole) owner of this top-rated site in Ruppertsberg, which has a total extent of 8 ha, of which only 5,2 ha are classified as a G.C. site. The origin of this site goes back to the late medieval era. It was classified as a First Growth in terms of the Royal Bavarian Site Classification. It is located at the foot of the Mittelhaardt mountains, and benefits from an advantageous temperate microclimate. Deposits of gravel in terraces with layers of clay in the soil provide the Gaisböhl wine with its huge body and elegant acidity, the coloured sandstone ensures a very long maturation potential.
- Classification:** We have created a quality pyramid for our wines using ratings from the Royal Bavarian Vineyard Classification of 1828. Our quality philosophy is based on the Burgundian “Cru” system. The G.C. and P.C. Rieslings are growing in our most valuable vineyard sites. Below these are the village Rieslings, the Estate Riesling rounds off the quality pyramid.
- Vintage:** A mild winter was followed by a warm spring with low rainfall. Dry, warm weather at the beginning of June meant early and almost perfect flowering. The summer was very dry and hot from beginning to end, but thanks to our Biodynamic methods our deep rooted vines still found the water they needed. 2015 was surely one of the earliest vintages on record also one of the quickest. Base wines for our Sekt were already harvested at the end of August, the main harvest was over by October 2nd, all grapes were healthy and perfectly ripe with excellent acidity.
- Harvest:** Selective handpicking in September 2015 followed by gentle pressing.
- Biodynamics:** Out of respect for our vineyards and their wines we have worked biodynamically since 2005.
- Vinification:** Spontaneous fermentation in large, old oak casks, 10 month maturation in the same casks.
- Tasting Note:** Very precise fruit with a clear structure. A wine with an enormous body and pressure in the long finish.
- Analysis:**
- | | |
|--------------------|-------------|
| Alcohol: | 13,0 % vol. |
| Residual Sugar: | 6,5 g/l |
| Acidity: | 7,8 g/l |
